WHOLE MILK YOGURT

CRAFTED IN THE NORTHWEST
— since 1954 —

French-Style Luxury by the Quart

We believe that delicious, perfectly textured yogurt is made with expertise, time and commitment. Shortcuts are out of the question. Our small batches are carefully monitored until they become yogurt right there in the cup. This is a French-style process that yields luxurious texture and scandalously rich creaminess. While it is made with grade A whole milk from Northwest dairies, it is lactose-free...with Vitamin D and live probiotic cultures that deliver a healthy boost in every serving.
